Investment objective

The fund seeks to outperform the MCB 1-5 yr Africa Bond Index by utilising the risk parameters available to the manager such as (and not limited to) currency risk, interest rate risk, and credit risk. The manager aims to do this by creating a diversified portfolio of fixed and floating rate instruments that provide attractive yields and are denominated in a variety of currencies that are expected to appreciate over the long term.

The MCB 1-5 yr Africa Bond Index is an index that is composed of local currency debt issued by African Governments that have achieved a score greater than forty in the Concerto Financial Solutions GmbH annual African Country Evaluation Report.
